

## A Wilderness Wedding at Mas de la Serra

Mas De la Serra is a wonderful location for a wilderness wedding in Spain. The fortified 'Masia' can accommodate up to 20 guests and the incredible views create one of the most beautiful wedding ceremony backdrops in Spain.

We can help you create your bespoke rustic wedding from the ceremony through to celebratory drinks, dinner and dancing: a truly unique wedding in a wild setting.

*'My wife and I recently celebrated our wedding with a small number of family and friends at Mas de la Serra. We rented the whole property for a week and the result was nothing short of spectacular.  
The views from the property are breathtaking in every direction.'*

A wooden sign hanging from a tree branch. The sign is made of light-colored wood and has the words "And so the" written in a white, cursive script. It is suspended by a thin, light-colored string that is tied to the tree branch above it. The background is a blurred outdoor scene with green foliage and a stone wall.

## Accommodation

Staying at the masia is very much part of the wedding experience. With our many terraces, infinity pool and hot tub, it is the perfect place to relax before the big day. The property has the relaxed feeling of a country house but with all the modern facilities of a boutique hotel. There are a large number of reception rooms giving ample space for flower arranging, preparing table plans and decorations, hair and make up areas and general wedding administration.

*'This place really is a hidden gem and not only is the place amazing the staff and owners are wonderful people too. We were lucky enough to have our wedding here during a week that we hired out the entire place with our family. It was the most incredible holiday and the best wedding we could have ever hoped for.'*

## Capacity

We are able to host small intimate weddings or larger weddings for around 150 guests. You may wish to hire our small marquee if you prefer to have a covered wedding reception although many of our guests opt for an open air dining experience under the stars. For weddings of more than 60 guests we recommend hiring a larger marquee or wigwam from one of our suppliers who are familiar with the masia's grounds.

## **Ceremony**

The location of your ceremony is entirely up to you. The lawn or almond groves are popular choices with couples and we can assist you with hiring chairs for the ceremony. We can recommend musicians should you wish and assist you with hiring of any audio equipment.

## Catering & Reception

The masia's grounds are available for you to plan your special day. Many guests opt for drinks and tapas on the lawn followed by a wonderful Spanish style BBQ in the old almond terraces behind the floodlit masia.

Depending on the size of your wedding party, we can help with catering or you may prefer to bring in a specialist caterer. We can also recommend some excellent catering companies. You can bring in drinks at no extra cost however couples should factor in the additional cost of staff should you wish the drinks to be served to your guests.

We can assist you with hiring tables, catering equipment, staff, dance floor, DJ or band depending on your preferences. Being in the wilderness there is no restriction on timings and noise control at the masia. We have outdoor lighting available if you don't wish to bring in your own.
